

# RESEARCH FORUM

## G. CARDAROPOLI AWARD 2020

*Reserved for Dentists*

### Application

The Italian Society of Periodontology and Implantology (SidP) is offering to clinicians and researchers the chance to present their own data and original research in the field of Periodontology and Implantology during the National Congress 2020 (held in Rimini, 12<sup>th</sup>-14<sup>th</sup> March) in the session "RESEARCH FORUM".

To honor the memory of Dr Giuseppe Cardaropoli, SidP Active Member, who dedicated his professional life to periodontal and implant research and to the sharing of knowledge amongst younger colleagues, the SidP established the "Giuseppe Cardaropoli Award" for the best presentation in the Research Forum.

**Both clinical research and basic sciences research are eligible.**

Submitted abstracts will be evaluated by a specific Committee constituted by eminent academicians and clinicians and by the Coordinators of the session. If accepted, applicants will present their research in English as **electronic poster** in the session "Spazio Ricerca-Research Forum" which will be held on Thursday 12<sup>th</sup> March 2020. The abstract presented during the session will be then published on "Quintessenza Internazionale & Jomi".

The Committee will evaluate submitted abstracts according to clinical relevance, language clarity, scientific methodology, conformity of material and methods with given aims, ethic, scientific value, clinical significance and originality.

The studies not selected for the Research Forum may still be presented as POSTER in a specifically dedicated area if the authors want to.

### Abstract Submission

Abstract should be written in English language. Deadline for submission will be February the 3<sup>rd</sup> 2020 through the website [www.sidp.it](http://www.sidp.it) (section "Awards and Scholarship") where also instructions and rules are available. Only on-line submitted abstract will be accepted. Acceptance will be communicated through e-mail from the SidP Secretariat within the 28<sup>th</sup> February 2020.

The presentation will not be accepted if the presenting Author would not be pre-registered in the Congress.

**Presentation and discussion will be in English language.**

Failure to pre-register at the Congress will imply the presentation to be cancelled from the list and place made available for other candidates, and therefore no publication of the abstract on Quintessenza Journal will be possible. Each author may present only one poster but co-authorship is not limited.

The abstract submitted should not have been published or presented before.

During the SidP National Congress, the Evaluating Committee will award the **Giuseppe Cardaropoli Prize** for the best work presented, acknowledging to the Author who presented it the **free registration for one year to SidP**.
