New Techniques and Technological Innovations in Periodontal and Implant Therapy

Bologna, 12-13 May 2023
Palazzo della Cultura e dei Congressi

SIIP

Coordinators: Daniele Cardaropoli / Filippo Graziani / Luigi Minenna

Speakers: Serhat Aslan / Francesco Cairo / Mauro Merli / Giulio Rasperini /
Isabella Rocchietta / Giovanni Zucchelli

Dear Colleagues, Dear Friends,

in Rimini, at the 21st International Congress, we will address, in the broadest sense of the term, the concept of invasiveness in periodontology and implantology, evaluating how the new technologies or the evolution of clinical protocols can play a primary role in the field of diagnosis, prognosis and therapy in the appropriate treatment of periodontitis and peri-implant diseases.

In absolute continuity, the objective of this SIIP Updating Course is to deepen, in an exclusively therapeutic sense, the role of new surgical and non-surgical techniques and technological innovations in periodontology and implantology, helping the clinician to distinguish what is validated by scientific evidence from what it represents an experimental "suggestion" or, even worse, an exclusively commercial proposition.

And we will do so by referring to those treatments in which the evolution of techniques and clinical protocols and the use of technological innovations are determining a real paradigm shift.

Together with the Membrs of the Cultural Commission, we have built a Course for the Dentists and Students in Dentistry, which includes 3 specific sessions: the first dedicated to periodontal plastic surgery, the second relating to periodontal regenerative surgery and the last reserved for the deepening of the role of reconstructive surgery in implant therapy.

Each session is entrusted to the moderation of a SIIP Active Member particularly expert on the specific topic, who will develop the argument of the session in a dynamic and interactive way with the participants, together with 2 *Top Speakers*, real international authorities on the subject.

As is now the tradition for the SIIP courses, the techniques, whose rationale and whose effectiveness are always based on scientific evidence, will be illustrated "step by step" with educational photos, diagrams and video so that each Participant will be able to use them in his daily practice.

I am sure that this Course may represent a great opportunity for professional development and growth for each of our Members and will also help to increase in each of us the "ethical conscience" that underlies all our behavior, guiding us every day in clinical activity with respect for our patients and in accordance with the SIIP motto for the two years. **22-23: Ethics in Perio & Impla.**

While thanking the Coordinators and Speakers who made themselves available with their expertise and professionalism, I invite you to come to Bologna in large numbers to attend this scientific event in which we will share not only culture and professional updating, but even moments of conviviality and authentic friendship!

I wait for you in Bologna in yours,
ours, **SIdP Family!**

Nicola Marco Sforza

SIdP President

PROGRAM

Friday May 12, 2023

09.00am-09.15am **Welcome address**
by Nicola M. Sforza, SIdP President

PERIODONTAL PLASTIC SURGERY

Coordinator: Daniele Cardaropoli

09.15am-09.30am **Introduction** by the Coordinator

09.30am-10.50am **Evolution of the surgical techniques**
Giovanni Zucchelli - Francesco Cairo

10.50am-11.20am Coffee break

11.20am-12.40pm **Technological innovations**
Francesco Cairo – Giovanni Zucchelli

12.40pm-01.15pm **Q&A**

01.15pm-02.30pm Break

PERIODONTAL REGENERATIVE SURGERY

Coordinator: Filippo Graziani

02.30pm-02.45pm **Introduction** by the Coordinator

02.45pm-04.15pm **Evolution of Surgical Techniques**
Serhat Aslan – Giulio Rasperini

04.15pm-04.45pm Coffee break

04.45pm-06.15pm **Technological evolutions**
Giulio Rasperini - Serhat Aslan

06.15pm-06.50pm **Q&A**

Saturday May 13, 2023

RECONSTRUCTIVE SURGERY IN IMPLANT THERAPY

Coordinator: Luigi Minenna

09.00 _{am} -09.30 _{am}	Introduction by the Coordinator
9.30 _{am} -10.50 _{am}	Evolution of surgical techniques Mauro Merli - Isabella Rocchietta
10.50 _{am} -11.20 _{am}	Coffee break
11.20 _{am} -12.40 _{pm}	Technological innovations Mauro Merli - Isabella Rocchietta
12.40 _{pm} -01.15 _{pm}	Q&A
01.15 _{pm}	Closing Remarks and End of the Course

The **official languages** are Italian and English. Simultaneous translation will be provided from English to Italian; Vice-versa once the number of registered International SIdP Members is greater than 12.

Venue

[Palazzo della Cultura e dei Congressi - Volvo Congress Center](#)

Piazza della Costituzione, 4 - BOLOGNA
