E-mail: osteology2022@mjeventi.it

LANGUAGE

The official languages of the Symposium are Italian and English

Simultaneous translation from Italian to English will be provided for the days Meeting (04-05 November) and the pre-congress plenary sessions (03 November) when a minimum number of n. 20 participants (*English speaking*) is reached.

DATES

03-04-05 November 2022

VENUE

Auditorium Parco della Musica

Via Pietro de Coubertin, 30 - Roma
www.auditorium.com

The Auditorium Parco della Musica is a large multipurpose complex dedicated to music, which contributes to enriching the immense heritage of the Eternal City.

It rises a few minutes from the historic centre, between the banks of the Tiber river, the hill of the Parioli district and the Olympic Village, and is characterised by three 'soundboxes' that seem to fly above a sea of vegetation.

OSTEOLOGY NIGHT

04 November 2022 | From 09.00 pm

Palazzo delle Esposizioni
Via Nazionale, 194 - Roma

KEY DATES

03 February	Registration opening
20 June	Free registration deadline for SIdP members
15 September	Reduced fee registration deadline
04 October	OYTA Webinar Voting for the "Osteology Young Talent Award"
27 October	Registration closing

Dear colleagues,

hard and soft tissue regeneration is becoming an integral part of our **treatment plans**, to recover periodontally compromised teeth or to reconstruct lost tissues in implantology.

Often we are in a dilemma about which approaches and solutions to use: on the one hand the fascination of the "great beauty" of the regenerative techniques available can become "irresistible", on the other hand making wise choices in the light of scientific evidence and clinical experience is not always easy.

This, therefore, will be the main theme of the next Joint Symposium between the Osteology Foundation and SIdP, two key references in the international scientific community. For each topic there will be a "battle" between different therapeutic options, aiming to define the right indications, to ensure that our treatment plans are truly personalised.

The Coordinators of each session will propose ideas for discussion and draw conclusions, in order to reach a "consensus" and provide participants with useful information about the most effective treatment choices and the **most long-lasting results**, with wide involvement of the audience.

The various sessions of the main programme will be supported by clinical videos.

Very interesting and stimulating initiatives will also take place during the [pre-congress day](#), with a special focus on **innovations in the regenerative field**, challenged in numerous workshops.

To complete the programme there will also be a parallel session dedicated to Dental Hygienists.

The panel of invited speakers - both clinicians and researchers - makes this Symposium the event of the year 2022 in the field of tissue regeneration, don't miss it!

We look forward to seeing you in Rome!

Raffaele Cavalcanti
Scientific Chairman

OYTA (OSTEOLOGY YOUNG TALENT AWARD) CONTEST & POSTER PRESENTATION

For the National Osteology Symposium Rome 2022, clinicians were invited to apply for in the First edition of the **Osteology Young Talent Award** sending their clinical case and competing to become **Osteology Speaker** at the Osteology Congress.

During Osteology there will be also a **Poster Session**, to which clinicians and Researchers were invited to present their studies.

Main focus of the clinical case/poster: regenerative treatment on teeth or implants.

Osteology Young Talent Award

N. 5 young clinicians with the best clinical case presented - selected by the Scientific Committee - will present their case during the **OYTA Webinar** scheduled on **4th October 2022 at 1 p.m.** Webinar participants will have the opportunity to choose, through an online voting, the final winner of the Contest who will be awarded the Osteology Young Talent Award and who will have the exclusive opportunity to **present to the Symposium audience during the dedicated session on Thursday 3rd November.**

The winner will also receive a prize of € 1,000 plus travel and accommodation during the days of the Symposium offered by the Organisation.

Poster

Posters have been evaluated by the Scientific Committee, which reserved the right to accept or reject the abstracts, verifying their relevance to the guidelines, terms and conditions defined.

All first authors of a paper accepted for the Poster session will be entitled to a special registration fee to the congress of 150 €.

The Commission will select the best research paper during the congress.

A prize of 500 € will be awarded to the first author of the winning Poster.

Only original papers that have not yet been published and or accepted for presentation elsewhere were accepted.

Lunch For Learning

During lunch time on Friday 04 November, from 1.00 pm to 2.00 pm, it will be possible to attend the **Lunch For Learning "Next Level GBR: Yxoss CBR®, Customized Bone Regeneration. Added value for clinic and patient"**.

Speakers: Paolo Calamai, Alessandro Cucchi, Emanuele Randellini

For any further information visit the OYTA & POSTER page on www.osteology-roma.org

Registration ONLINE at www.osteology-roma.org

Attendance to the Osteology Foundation & SIdP Joint Meeting is open to Dentists, Dental Hygienists, Dental Students and Undergraduate DH Students.

For Dentists and Dental Students: the registration includes the participation in the scientific sessions (4-5 November), in the “*NOGI & SIdP Young Dentists*” plenary session (2:00pm - 4:00pm) and in the “*Focus on future*” plenary session (4:30pm - 7:00pm) on Thursday November 3rd

For Dental Hygienists and Undergraduate DH Students: the registration includes the participation in the reserved sessions scheduled on Saturday November 5th

REGISTRATION FEES (VAT included)

	UNTIL SEPTEMBER 15 2022	FROM SEPTEMBER 16 2022
● Dentist	€ 370	€ 420
● SIdP International Ordinary Member*	€ 290	€ 320
● Student (<i>Faculty of Dentistry</i>)	€ 150	€ 180
● Dental Hygienist	€ 120	€ 150
● SIdP Dental Hygienist Member* ^o	FREE	FREE
● Student (<i>Faculty of Dental Hygiene</i>)	€ 50	€ 70
● SIdP Student Member (<i>Faculty of Dental Hygiene</i>)* ^o	FREE	FREE

REGISTRATION FEES THEORETICAL-PRACTICAL WORKSHOP (VAT included) *limited attendance*

● Workshop #1 Workshop #2 <i>Osteology Foundation</i>	€ 190	<i>only for dentists</i>	Italian language (WS #1)	English/Italian language (WS #2)
● Workshop #3 <i>Osteology Foundation</i>	€ 90	<i>theoretical session</i>	€ 100	<i>theoretical-practical session only for dentists</i>
● Workshop <i>NOGI & SIdP Giovani</i>	€ 60	<i>only for Dentists under 40 and last year Dental School Students</i>		Italian language only

REGISTRATION FEE LUNCH FOR LEARNING (VAT included) *limited attendance*

- Lunch For Learning Yxoss CBR® € 50

REGISTRATION FEES CONTINUING EDUCATION COURSE (VAT included) - November 04 h. 02.30-06.00 pm -

- SIdP Dental Hygienist Member*^o | SIdP Student Member (*Faculty of Dental Hygiene*)*^o € 40
^o *Free participation for Dental Hygienists who attended the SIdP Annual Periodontology Course* [Italian language only](#)
- Dental Hygienist | Student (*Faculty of Dental Hygiene*) € 50

REGISTRATION FEES OSTEOLOGY NIGHT *limited attendance*

- Entry for one person € 100
- Entry for one person + companion € 160

*[SIdP International Member 2022](#) ^o[Participation in the reserved session Saturday November 5th](#)

Osteology Foundation

The Osteology Foundation is a global organisation that supports science, research training, and education in the field of oral tissue regeneration.

The objective is to develop and share knowledge and understanding, leading to evidence-based clinical practice for the improvement of patient care.

True to its motto "Linking Science with Practice in Regeneration" the Osteology Foundation bridges the gap between scientific advancement and contemporary clinical practice, in the field of oral tissue regeneration.

Italian Society of Periodontology and Implantology (SIIP)

The Italian Society of Periodontology and Implantology (SIIP), founded in 1979, aims to promote the health of the Italian population through the improvement of lifestyles, prevention, diagnosis, and the functional and aesthetic restoration of periodontal tissues.

It is a member of the European Federation of Periodontology (EFP) and has become a reference point for Periodontology and Implantology both in Italy and internationally. Its scientific and cultural activity is centred on the organisation of Congresses and Refresher Courses with great attention to younger colleagues; it also plans and implements thematic projects, some in collaboration with the most prestigious scientific societies in the medical area, and has launched an intense communication activity aimed at citizens.
