

Italian Society of Periodontology
and Implantology

“HENRY M. GOLDMAN” AWARD 2022

The **Italian Society of Periodontology and Implantology** is pleased to inform those wishing to submit one or more papers for the ‘**H.M. Goldman**’ prize to be awarded during the 22nd National Congress 2022 (Rimini I, 10-12 March), that the material should be sent by **February the 5th 2022** for review and acceptance by the Scientific Committee.

Papers submitted may cover basic research, laboratory research or clinical research (clinical trials or innovative surgical techniques) provided they pertain to the different aspects of scientific and clinical research in periodontology and implant therapy.

The paper should be sent in **Italian** or **English language** and should:

- be composed of a short abstract (max: 200 words) and a text divided into Introduction, Materials & Methods, Results, Conclusions and Bibliography;
- not be exceeding 3.500 words and be accompanied by no more than 7 figures and tables;
- be sent in electronic format by e-mail to: segreteria@sidp.it.

The submitted paper must be original, moreover the commission will not take in to consideration any manuscript previously submitted, accepted for evaluation or published by any scientific journal, before the expiration date of the current competition notice.

The submitter, on behalf of the scientific group, undertakes to declare that the above is true, under penalty of immediate forfeiture of acceptance and evaluation procedure of the manuscript.

The aforementioned requirements are considered mandatory for the acceptance.

Selected papers will be presented in **Italian** or **English** during the first day of the National Congress 2022.

Excluded manuscript may be selected for presentation as posters in the **Research Forum**. The “*Research Forum-Giuseppe Cardaropoli Award*” will be held during the National Congress 2022 as well. Rules for submission and presentation for this Forum are published on the website www.sidp.it, section “*Announcements of Competition and Awards 2022*”.

Two of the presented works, one for basic/laboratory research and one in clinical research, will be awarded the “Henry M. Goldman” Prize and receive the sum of € 2,000. The Prize will be assigned by a Commission composed of a panel of Experts nominated by the SIDP Executive Council.

If, based on its indisputable judgement, the Commission deems that none of the papers is especially noteworthy, no prize will be assigned.

The Commission reserves the right to award the available prizes to the two worth of notice papers even if they belong to the same category (clinical research and basic research).
