

Giorgio Vogel Award *for the best clinical case*

The **Italian Society of Periodontology and Implantology** (SIDP) decided to conceive an annual award to honor the memory of the unforgettable **Professor Giorgio Vogel**, founder and Past President of SIDP, who devoted great attention and enthusiasm to teaching and clinical training activities of young students and colleagues. The Giorgio Vogel Award aims to further involve all young clinicians who wish to interact in a simple and direct way with other Colleagues and Experts in Periodontology in a dedicated space within the annual SIDP Congress (2018: Rimini, March 15 to 17).

The clinical case should consider periodontal surgery, implant surgery and/or tissue regeneration and should be presented in accordance with SIDP guidelines. The abstract should be written - in English - using only the appropriate electronic template available online on the website www.sidp.it (section Scholarships and awards) and must contain a description of the clinical case with the diagnosis, treatment goals and description of the procedure and the results obtained.

The iconographic material illustrating the clinical procedure should be organized – in English – in an electronic presentation (PPT or Keynote) by following the suggestions below.

The **electronic file** should be sent to the **SIDP Secretary** by using automatic file sharing and transfer systems as DROPBOX: <https://www.dropbox.com/> - WE TRANSFER: <https://www.wetransfer.com/>; the material has to be sent to the following email address: segreteria@sidp.it, **within February the 9th 2018**.

Alternatively, the material could be sent to the address of the SIDP Secretary office (Via del Gelsomino, 20 • I - 50131 Firenze) that will forward it anonymously to the SIDP Scientific Committee for acceptance evaluation.

The notification of acceptance or rejection will be sent by email within February 28th, 2017.

A committee of experts composed by a member of the SIDP Board, by an Academic Professor of Periodontology and by a Private Practitioner Active member of the Society will evaluate the best case presentation, award the prize consisting in a free annual membership fee and publish the case on the SIDP website.

The **official announcement of the winner** will take place on Saturday March 17th during the 20th National SIDP Congress. **The case will be then presented directly by the winner.**

G. Vogel Award

For the best clinical case

Suggestions for the selection of the photographic documentation

The iconographic material illustrating the clinical procedure should be organized in an electronic presentation (PPT or Keynote) according to the following suggestions and in any case it should not exceed a total of 16 slides.

- **Clinical and radiographical data:**
 1. Overview of the global clinical status.
 2. Closer view of the site to be treated, including adjacent teeth and soft tissues.
 3. Periodontal recordings and inflammatory indices.
 4. Intraoral radiographic status or panoramic radiograph.
 5. Any additional radiographic documentation if significant (CBCT, CT etc)

- **Surgery:**
 1. Pre-surgical clinical pictures of the site to be treated.
 2. Incisions.
 3. Flap elevation with an analysis of the defect.
 4. Execution of the surgical procedure (regenerative therapy, osseous resective surgery, implant placement, etc).
 5. Wound suture.
 6. Short term healing (2-4 weeks).

- **Treatment outcomes:**
 1. Overview of the treated area showing also the adjacent teeth (and the prosthetic device if any).
 2. Periapical final radiography.

- **Follow-up:**
 1. Overview of the treated area showing also the adjacent teeth.
 2. Periapical radiography of the site.

The maximum number of slides is 16. No more than 4 clinical pictures can be used in each slide.
